QR Codes & Promo Material

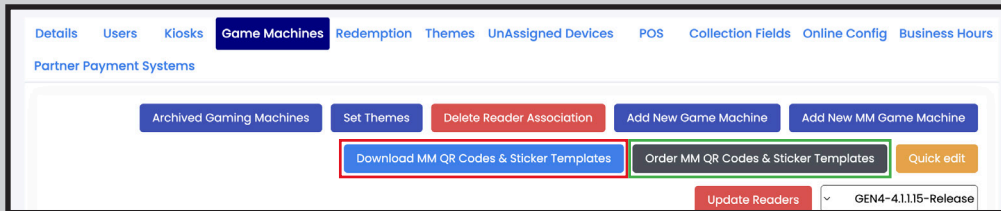

→ **Download** or **order** game specific QR Codes (these QR Codes will directly open that specific game within the mobile app)

Download - Print on you own

Order - Printed and shipped from Amusement Connect

The screenshot shows a web interface with a navigation bar at the top containing links: Details, Users, Kiosks, Game Machines (highlighted), Redemption, Themes, UnAssigned Devices, POS, Collection Fields, Online Config, and Business Hours. Below the navigation bar is a section titled 'Partner Payment Systems'. The main content area contains several buttons: 'Archived Gaming Machines', 'Set Themes', 'Delete Reader Association', 'Add New Game Machine', and 'Add New MM Game Machine'. Below these are three buttons: 'Download MM QR Codes & Sticker Templates' (highlighted with a red box), 'Order MM QR Codes & Sticker Templates' (highlighted with a green box), and 'Quick edit'. At the bottom right, there is an 'Update Readers' button and a dropdown menu currently showing 'GEN4-4.1.15-Release'.

Partner Payment System *(if applicable)*

Connect your AMI Jukebox location to your Amusement Connect location.

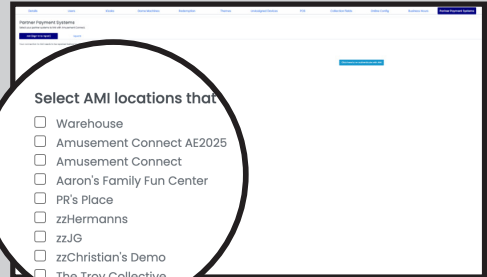

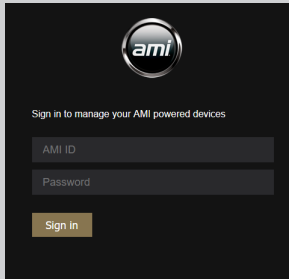

In Location Wizard **select** the 'Partner Payment System' tab
Click 'Get Connected' button

Login to your AMI account

Select your AMI location(s) and **click** 'Save'

4 Install it

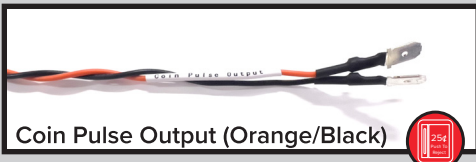

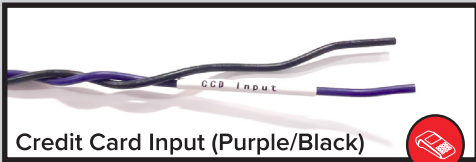

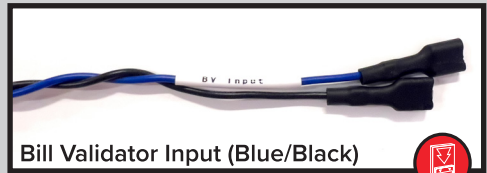

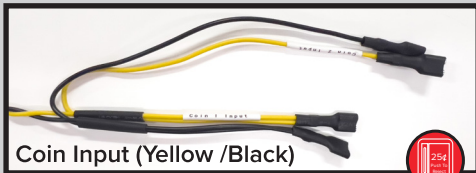

Training Videos

Setup & Install

The **MobileMech™** device intercepts incoming pulse data from the various payment types through corresponding wire pairs.

The **MobileMech™** sends the pulse data back out through the **Coin Pulse Output (Orange/Black)** to the game machine.

MobileMech™ LED Status Indicators

-  Not connected to Wi-Fi or Cloud Service
-  Connected to Wi-Fi. Connecting to Cloud Service
-  Connected to device via Device Portal
-  Subscribing to Cloud Services
-  Connected to Cloud Service
-  Connected to Cloud Service but disabled
-  Firmware update is in process

5

Connect it

After you have fully wired the MobileMech™ into your game, you need to connect to your Wi-Fi network.

Join "MM-XXXXX" Network

Scan the QR code on the top of the MobileMech™.

Join the device Wi-Fi network.

(Must be 2.4 GHZ)

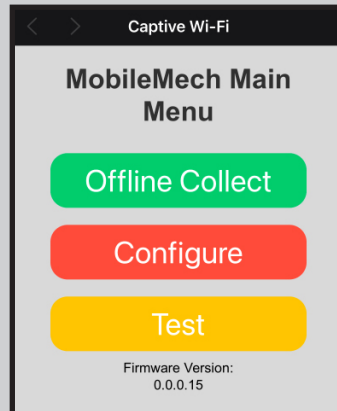

**The LED on the front panel will change to green when connected.*

Open your browser. The MobileMech™ device configuration page will open in the browser.

Click 'Test' to view all testing options.

Download the User Manual for detailed instructions.

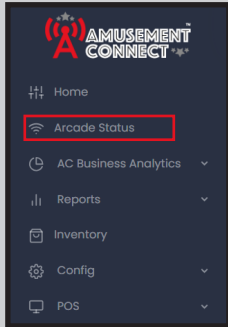

6

Test it

This will help you verify the **Mobile Mech™** is installed correctly. You will be able to verify functionality of the device.

i

Go to Arcade Status

ii

Select Location in drop-down

iii

Click Remote Start

*does not affect reporting data

A screenshot of the 'Game Machines' table in the application. The table lists various machines with columns for Status, Game Machine Name, Reader Name, Mac Id, Software Version, and Action. The 'Remote Start' buttons in the Action column are highlighted with red boxes.

Status	Game Machine Name	Reader Name	Mac Id	Software Version	Action
●	Pistol Demo	MMGI-15076	d83ba0c307a0	0.0.0.0	Query Remote Start Disable Start Installer Mode
●	Pistol Table (by the bar)	MMGI-000607	d83ba0c18bb-4	0.0.0.0	Query Remote Start Disable Start Installer Mode
●	Duck Catcher	MMGI-000408	d83ba0c24f00	0.0.0.0	Query Remote Start Disable Start Installer Mode
●	O3 Dart	MMGI-15303	d83ba0c9f9f4	10.0.1	Query Remote Start Disable Start Installer Mode
●	GoBella	MMGI-16244	d83ba0c2430a4	10.0.2	Query Remote Start Disable Start Installer Mode
●	Golden Tee Golf	MMGI-000605	d83ba0c23a480	10.0.2	Query Remote Start Disable Start Installer Mode
